

Certificate

This is to confirm that the **Product Carbon Footprint** of the following products produced and distributed by the company **Magrabi Agriculture (MAFA)** has been assessed from the farming level up until the retail shelf:

Citrus, Strawberries, Grapes, Lettuce, Herbs, Capsicum and Flowers

The Product Carbon Footprint has been carried out according to Soil & More International Carbon Footprinting Methodology, which is based on TÜV-Nord TN-CC 007 : 2008 - 01 Standards, ISO 14044 and 14064, the WRI/WBCSD GHG Protocol and the PAS2050 Standard where applicable. The assessment boundaries were chosen to be from the farming level up until the retail shelf.

With our sincere respect
Waddinxveen, September 5th 2009

T. Bandel (Managing Partner)

A. v.d. Bos (Managing Partner)
